## **DETAILED ACTION**

Currently, Claims 1-7 are pending. Claims 1-7 are examined on the merits.

### ***Election/Restrictions***

Applicant's election without traverse of cat's claw in the reply filed on Aug. 27, 2007 is acknowledged.

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-7 are rejected under 35 U.S.C. 102(b) as being anticipated by Toki et al. (JP 2000336024 A, translation provided).

Toki et al. teaches a cosmetic composition of una de cato (cat's claw) for hair treatment, extracted by water, ethanol, 1,3-butyleneglycol (Abstract). The cat's claw inherently contains fibroblast growth factor 5 inhibiting activity because the referenced and claimed compositions are the same.

### ***Conclusion***

No claim is allowed.
